PANAMA BUREAU MONTHLY REPORT JULY 1981

1. Jamming of (Clandestine) Radio 15 September in Spanish to Nicaragua increased throughout July, and toward the end of the month the transmission, which had started to include occasional messages in code and in the Miskito language, was largely unintelligible.
2. The bureau has added to coverage on Mondays, Wednesdays and Fridays the first half-hour of Caracas Radio Rumbos' morning newscast (1530-1600 GMT), which includes a daily commentary by the Venezuelan Chamber of the Radiobroadcasting Industry, to supplement voice coverage of Venezuela, and the morning newscast of Managua Radio Corporacion Mondays through Fridays in response to a request for expanded coverage of this transmitter. Arrangements have also been made to cover a new Managua Sistema Sandinista Television Network talkshow, "In Depth," which is broadcast irregularly on Sundays. Whenever the program is carried, it is fed to the bureau the following morning.
3. Cruising activities during the month included:
 - a. Confirmed new frequencies for retimed Moscow broadcasts in Spanish to Chile.
 - b. Checked Havana broadcasts on 550 Khz in response to a Headquarters request prompted by reports of increased transmitter power.
 - c. Following reports that San Jose Radio Noticias del Continente broadcasts were being heard in the Costa Rica-Nicaragua border area, an updated cruising check was made of the stations which were reportedly members of an "International Solidarity Network" to support the station following its closure. The results of the check were negative.
 - d. Santiago Chile Domestic Service was audible toward the latter part of the month between 1200-2330 GMT with fair to poor reception.

STAT

- f. An updated program schedule was compiled for Managua Radio Sandino.
